Dear Mr. Pfeiffer,

Your second telegram reached me in untelligible form, our office being run by morons. But by the aid of a little Yankee wit I fathomed it and am having it resent from N.Y. To make sure. I understand that you wish me to change my statement to say, "I must suppose given out by the Prosecutor's office", referring to newspaper's account and have so altered it.

Sincerely yours

Sept. 23rd. 1926.
